13 MAR 1973

MEMORANDUM FOR: Deputy Director for Support  
SUBJECT : Weekly Report of Significant Events

1. ACT: On 12 March at approximately 1030 local, ACT began disseminating live non-Agency, non-SI traffic to Cable Secretariat. Included in the cutover to ACT are the following categories of traffic:

AMPS dissemination traffic (Military)

ATS dissemination traffic (State)

Military and State common-user traffic

All of the above traffic is being received on a single medium speed printer in ACT. This replaces six 100 wpm printers in Cable Secretariat and three 100 wpm printers in Washington Terminal Facility (Signal Center) previously dedicated to Military and State traffic.

accompany this officer to provide communications support. The communicator will carry TAR 224 equipment and One-Time Pads. The above personnel will arrive in [REDACTED] on 13 March via Defense Attache aircraft for an initial stay of 7-10 days.

25X1A

4. [REDACTED]: A detailed survey report covering the proposed area for the communications facility to be established at [REDACTED] was received from [REDACTED]. Some minor construction will be required to provide the necessary security/privacy in the area selected for our communications center. [REDACTED] has agreed to do the construction work and a target date of 23 March has been set for activation of the [REDACTED] KW-7 protected allocated circuit.

5. [REDACTED]: Due to recent high level attention being given to the political and security situation in the [REDACTED], and need for fast communications between [REDACTED] and Headquarters, [REDACTED] Base is being activated ahead of schedule (OTP and commercial file). Plans are being made to phase CW/OTP operation temporarily into [REDACTED] and to accelerate the installation of on-line RTTY.
